

**VOLUNTARY CLEANUP CONTRACT
15-6322-NRP**

**IN THE MATTER OF
GREGORYS LAUNDRY AND CLEANERS, GREENVILLE COUNTY
and
PARKER PLACE II LLC**

This Contract is entered into by the South Carolina Department of Health and Environmental Control and Parker Place II LLC, with respect to the Property located at 2015, 2017, 2019, 2021, and 2023 Augusta Street, Greenville, South Carolina. The Property includes approximately 0.7 acres identified by Greenville County Tax Map Serial Numbers 0203000903601 and 0203000903400. In entering this Contract, the Department relies on the representations contained in the "Non Responsible Party Application for Voluntary Cleanup Contract" of NEW DATE, 2015, and any amendments thereto, by Parker Place II LLC, which is incorporated into this Contract and attached as Appendix A.

AUTHORITY

This Contract is entered into pursuant to the Brownfields/Voluntary Cleanup Program, S.C. Code Ann. § 44-56-710 et seq. (as amended); the South Carolina Hazardous Waste Management Act (HWMA), S.C. Code Ann. § 44-56-10, et seq. (as amended), the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. §§ 9601, et seq., the S.C. State Underground Petroleum Environmental Response Bank Act, S. C. Code Ann. § 44-2-10, et seq. (as amended), and the South Carolina Pollution Control Act, § 48-1-10 et seq.

DEFINITIONS

1. Unless otherwise expressly provided in this Contract, terms used herein shall have the meaning assigned to them pursuant to the Brownfields/Voluntary Cleanup Program, S.C. Code Ann. §44-56-710 et seq. (as amended), and if not set forth therein, shall have the meaning assigned to them pursuant to the South Carolina

Hazardous Waste Management Act, S.C. Code Ann. § 44-56-10, et seq. (as amended), the S.C. Pollution Control Act, S.C. Code Ann. § 48-1-10, et seq. (as amended), the S.C. State Underground Petroleum Environmental Response Bank Act, S.C. Code Ann. § 44-2-10, et seq. (as amended) or the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. §§ 9601, et seq.

- A. "Parker Place" means Parker Place II LLC.
- B. "Beneficiaries" means Parker Place's Non-Responsible Party lenders, signatories, parents, subsidiaries, and successors, including new purchasers, lessees, and other parties acquiring an interest in any portion of the Property, but only to the extent that such parties have never been a Responsible Party at the Site.
- C. "Contamination" means the presence of a contaminant, pollutant, hazardous substance, petroleum, or petroleum product.
- D. "Contract" means this Voluntary Cleanup Contract.
- E. "Department" means the South Carolina Department of Health and Environmental Control, or a successor agency of the State of South Carolina that has responsibility for and jurisdiction over the subject matter of this Contract.
- F. "Existing Contamination" shall mean any Contamination present on, or under, the Site as of the execution date of this Contract.
- G. "Property" means the real property as described in the Non Responsible Party Application for Voluntary Cleanup Contract attached as Appendix A, and that is

subject to the ownership, prospective ownership, or possessory or contractual interest of Parker Place or its Beneficiaries.

- H. "Segregated Sources" means drums, tanks, or similar discrete containers that potentially hold substances that may cause Contamination upon release to the environment.
- I. "Site" means all areas where a contaminant has been released, deposited, stored, disposed of, or placed or otherwise comes to be located; "Site" does not include any consumer product in consumer use or any vessel, as defined in CERCLA Section 101.
- J. "Waste Materials" means any Contamination-causing solid, semi-solid, or liquid material discarded, buried, or otherwise present on the Property, and may include sludge, slag, or solid waste materials such as empty containers and demolition debris or materials containing asbestos, lead-based paint, or petroleum or other contaminants.

FINDINGS

2. Based on the information known by or provided to the Department, the following findings are asserted for purposes of this Contract:

- A. Owners and Operators: The owners and operators of the Property include the following:

Parcel 0203000903400 (0.349 acres)	
Parcel 0203000903601 (0.355 acres)	
Blanche H. McPherson & May H. Goddard	Unknown to 1945
Ruby H. Kennemore*	1945 to 1980*
Douglas E. Kennemore & Eloise K. Bryson	1980 to 1992
Ruby H. Kennemore**	1945 to 1984**
Douglas E. Kennemore & Eloise K. Bryson	1980 to 1992
M Joel Gregory	1992 to Present

* Ruby Kennemore sold 2/3s of her right title and interest in the
Parcels to Douglas Kennemore and Eloise Bryson in 1980

** Ruby Kennemore sold all her right title and interest in the
Parcels to Douglas Kennemore and Eloise Bryson in 1984

B. Property and Surrounding Areas: The Property is bounded generally by residential properties to the northeast; East Faris Road and commercial uses to the southeast; Augusta Street and commercial uses to the southwest; and commercial uses, McPherson Lane, and commercial uses to the northwest.

The Property is currently developed with an approximately 15,000 square foot one-story multi-tenant retail/commercial building with four units constructed with concrete/brick walls and a concrete slab. Signature Nails & Spa occupies 2015 Augusta Street, Gregory's Laundry and Cleaners (Gregory's Laundry) occupies 2017 and 2019 Augusta Street, Greenville Yoga occupies 2021 Augusta Street, and Berkshire Hathaway Realtors occupies 2023 Augusta Street. The Property is serviced by municipal water and sewer services. The existing building was built in approximately 1961. Asphalt and concrete parking areas are present on all sides of the building. A small metal storage shed is located along the northeast side of the building and is used by Gregory's Laundry for storage.

Aerial photographs indicate the Property was wooded and undeveloped in 1936; by 1947 it had been cleared but was undeveloped. Structures appear on the Property by 1955.

Gregory's Laundry has been located at the Property since at least 1962. Gregory's Laundry performs dry cleaning at the Property and used perchloroethylene (perc) as a dry cleaning solvent from 1962 to 2002. In addition to perc, Fluorocarbon 113 was used as a dry cleaning solvent from 1974 to 1975. ExxonMobil Chemical Company DF-2000 Fluid has been used as a dry cleaning solvent from 2002 to the present.

C. Investigations / Reports: Gregory's Laundry has been classified as a RCRA

Small Quantity Generator, Large Quantity Generator, and most recently a Conditionally Exempt Small Quantity Generator. Gregory's Laundry reported a release of solvents to the Department in 1997 when perc was found in a soil sample taken in the area of the perc storage tank and dry cleaning machinery. Gregory's Laundry was subsequently included in the South Carolina Drycleaning Restoration Trust Fund. Additional assessment was performed at the Department's direction in 2008 when a soil gas sample was taken and in 2011 when a soil sample was taken. Based on the findings, the Department determined there was no evidence of risk to human health or the environment. The site received a No Further Action status in October 2011.

Terracon performed a sub-slab vapor assessment in November 2014 when five sample points were installed in the Gregory's Laundry portion of the building. Laboratory analytical results indicate that perc was detected in all five samples at levels exceeding 1,800-ug/m³, the Target Sub-Slab and Exterior Soil Gas Concentration for Commercial Scenarios at a Risk Level of 10⁻⁵ according to the OSWER Vapor Intrusion Screening Level Calculator, Version 3.3.1, May 2014 RSLs. The highest concentration was in Sample SVP-1 with a value of 600,000-ug/m³.

Harvey's BP Station (Harvey's BP) is a service station located at 2001 Augusta Street. Harvey's BP is 110 feet northwest of the Property and stores petroleum in a regulated underground storage tank (UST) system. The Department's UST number for Harvey's BP is 04580. A release of petroleum was reported to the Department in 1990. Assessment of the petroleum release is on-going.

- D. Applicant Identification: Parker Place is a South Carolina limited liability company with its principal place of business located at 13 North Irvine Street, Greenville, South Carolina. Parker Place affirms that it has the financial

resources to conduct the response action pursuant to this Contract.

- E. Proposed Redevelopment: Parker Place will acquire the Property and retain the current businesses. At a future date the Property will be redeveloped for commercial retail businesses and multifamily housing.

BONA FIDE PROSPECTIVE PURCHASER STATUS

3. Parker Place certifies that its members are not a current owner of the Property, or parent, successor or subsidiary of a current or past owner of the Property; are not a Responsible Party for the site, or a parent, successor or subsidiary of a Responsible Party for the site; and have not had any involvement with the Property in the past other than activities performed in anticipation of participation in the Voluntary Cleanup Program. Parker Place also certifies that it and its members are eligible to be a Bona Fide Prospective Purchaser for the Property.

RESPONSE ACTION

4. Parker Place agrees to conduct the response actions specified in the subparagraphs below. An initial Work Plan shall be submitted by Parker Place, or its designee, within thirty (30) days after the date of execution of this Contract by the Department, or such earlier or later date if approved by the Department's project manager. A Report of the assessment results shall be submitted by Parker Place, or its designee in accordance with the schedule provided in the initial Work Plan. Parker Place acknowledges that the assessment may find distributions of Existing Contamination requiring additional assessment and/or corrective action on the Property that cannot be anticipated with this Contract. Parker Place agrees to perform the additional assessment and/or corrective action consistent with the intended uses of the Property under the purview of this Contract; however, Parker Place may seek an amendment of this Contract to clarify its further responsibilities. Parker Place shall perform all actions required by this Contract, and any related

actions of Parker Place's choosing not expressly required by this Contract, pursuant to Work Plans and/or Addenda approved by the Department.

A. Work Plan Logistics:

- 1). The Work Plan(s) shall set forth a schedule and methods for assessment and corrective action activities detailed herein.
- 2). The Work Plan(s) shall be submitted to the Department in the form of one hard copy and one electronic copy of the entire Work Plan on a compact disk (in .pdf format).
- 3). All activities undertaken pursuant to this Contract shall be consistent with S.C. statutes, regulations, and permitting requirements (e.g., stormwater management and waste disposal regulations). Parker Place shall identify and obtain the applicable permits before beginning any action.
- 4). The Work Plan(s) shall be in accordance with accepted industry standards and shall be signed and sealed by a Professional Engineer or Professional Geologist duly-licensed in South Carolina.
- 5). The Work Plan(s) shall provide detailed information about the proposed sampling points, collection methods, analytical methods, quality assurance procedures, and other pertinent details of the assessment and/or corrective measures activities consistent with the following:
 - a). Sample collection methodologies shall be consistent with the US EPA Region IV Field Branches Quality System and Technical Procedures.
 - b). All monitoring wells and groundwater sampling points shall be constructed in accordance with 25 S.C. Code Ann. Regs. R.61-71, the South Carolina Well Standards. The Work Plan shall provide sufficient detail to support issuance of the well approvals by the Department.
 - c). The laboratory analyses for samples taken pursuant to the Work Plan are specified in the media-specific sub-paragraphs below, but may include any of the following:

- i. the full EPA Target Analyte List (TAL);
 - i). EPA Target Analyte List excluding cyanide (TAL-Metals);
 - ii. the full EPA Target Compound List (TCL);
 - i). EPA Target Compound List Volatile Organic Compounds (TCL-VOCs);
 - ii). EPA Target Compound List Semi-Volatile Organic Compounds (TCL-SVOCs);
 - iii). EPA Target Compound List Pesticides (TCL-Pesticides);
 - iv). EPA Target Compound List Polychlorinated Biphenyls (TCL-PCBs).
- d). All analytical methods shall use appropriate detection levels to allow comparison to the media-specific screening criteria listed in the "EPA Regional Screening Levels for Chemical Contaminants at Superfund Sites" in effect at the time of sampling. The applicable Protection of Groundwater SSL for soil samples shall be the "MCL-Based SSL", if listed. If the applicable screening criteria are lower than achievable detection levels, the analytical method shall use the lowest achievable detection levels.
- 6). The Work Plan shall include the names, addresses, and telephone numbers of Parker Place's consulting firm(s), analytical laboratories, and Parker Place's contact person for matters relating to this Contract and the Work Plan.
- a). The analytical laboratory shall possess applicable Certification defined in 25A S.C. Code Regs. R.61-81, for the test methods specified in the Work Plan.
 - b). Parker Place shall notify the Department in writing of any changes concerning the consulting firm(s), contact person(s), or laboratory

identified in the Work Plan.

- 7). The Department will notify Parker Place in writing of approvals or deficiencies in the Work Plan.
- 8). Parker Place, or its designee, shall respond in writing within thirty (30) days of receipt of any comments on the Work Plan by the Department.
- 9). Parker Place shall begin implementation of the Work Plan as soon as reasonably possible after receipt of written approval of the Work Plan by the Department.
- 10). Parker Place shall inform the Department at least five (5) working days in advance of all field activities conducted pursuant to the Work Plan, and shall allow the Department, or its authorized representatives, to take duplicates of any samples if desired.
- 11). Parker Place shall preserve items on the Property that may: 1) provide evidence of a Potentially Responsible Party's involvement at the Site; 2) lead to the discovery of other areas of Contamination at the Site; or 3) contain environmental information related to the Site. Such items may include drums, bottles, labels, business and operating records, contracts, Site studies, investigations, and other physical or written materials relating to the Site. Parker Place shall notify the Department of the location of any such items, and provide the Department with an opportunity to inspect any materials or copy any documents at the Department's expense prior to destruction of said items.

B. Report Logistics

- 1). Report(s) shall be prepared in accordance with accepted industry standards and shall be certified by signature and seal of a Professional Engineer or Professional Geologist duly licensed in South Carolina.
- 2). The Report(s) of assessment and/or corrective measures activities shall include a discussion of investigation methods and any deviations from the

Department approved Work Plan. The Report shall also include tables and figures to summarize all data, a surveyed map documenting sampling locations, documentation of field observations including well core logs, sample descriptions, field screening results, and all laboratory analytical data.

- 3). All Report(s) shall be submitted to the Department in the form of one hardcopy and one electronic copy of the entire Report on a compact disk (in .pdf format).

C. Assess Waste Materials and Segregated Sources:

- 1). Parker Place shall characterize all Waste Materials and Segregated Sources. Assessment shall include an evaluation of contaminant concentrations and an estimation of the quantity or extent of each type of Waste Material or Segregated Source, as applicable.
- 2). Parker Place shall also characterize for disposal any other Waste Material and Segregated Sources that may be discovered on the Property at any time during assessment, corrective action, or development activities in accordance with applicable regulations.
- 3). Upon discovery of any Segregated Source that has not yet released all contents to the environment, Parker Place shall expeditiously stabilize or remove the Segregated Source from the Property.
- 4). Parker Place shall immediately notify the Department if a release of Contamination occurs as a result of its assessment, stabilization or removal actions. Parker Place shall assess the impact of the release and take necessary action in accordance with a Department approved plan.

D. Conduct a well survey:

- 1). Parker Place shall map all public and private wells used for drinking water supply within a one-half mile radius of the Property, and wells used for

irrigation or other non-drinking water use within a one-quarter mile radius.

- 2). Parker Place shall report sufficient information to the Department to allow the Department to secure permission to sample the wells. At a minimum, this information shall include the: 1) Location of the well; 2) Identity and mailing address of the well owner; and, 3) Telephone number, if publicly available or otherwise known to Parker Place, of the well owner or occupant of the residence served by the well.

E. Assess soil quality across the Property:

- 1). Parker Place shall collect and analyze a minimum of ten soil samples from five locations on the Property. Parker Place shall collect one surface soil sample (0-1 foot below ground surface) and one subsurface soil sample (2 foot minimum depth) from each of the following locations:
 - a). A presumed background location;
 - b). The metal storage shed on the northeast side of the building;
 - c). The locations of SVP-1, SVP-2, and SVP-3 as noted in the Sub-slab Vapor Assessment in the Phase I Environmental Site Assessment dated December 2, 2014. Soil samples from the SVP-1 location shall be analyzed for the full EPA-TAL and EPA-TCL.
- 2). Unless otherwise specified above, each surface soil sample shall be analyzed for TAL-Metals and SVOCs. Each subsurface sample shall be analyzed for TAL-Metals, VOCs and SVOCs.
- 3). Soil quality results shall be compared to the Residential and Industrial Screening Levels and to the applicable Protection of Groundwater SSL.

F. Assess groundwater quality:

- 1). Parker Place shall assess groundwater quality and flow direction across the Property. Assessment shall include samples from a minimum of three permanent or temporary monitoring wells. Specific locations shall be as

follows:

- a). One monitoring well shall be installed between the building and Augusta Street;
 - b). A presumed background location, which may be the same location as the background soil location above;
 - c). In the area behind the building close to the location of SVP-1 as noted in the Sub-slab Vapor Assessment in the Phase I Environmental Site Assessment dated December 2, 2014.
- 2). Samples from all groundwater monitoring wells shall be analyzed for TAL-Metals, VOCs and SVOCs. In addition, the groundwater sample from the monitoring well installed in the vicinity of SVP-1 shall be analyzed for the full TAL/TCL parameters.
 - 3). Groundwater quality results shall be compared to the primary maximum contaminant level (MCL) standards in the South Carolina State Primary Drinking Water Regulations, R.61-58, or, if not specified in R.61-58, to the Regional Screening Tables values for "Tapwater."

G. Evaluate and control potential impacts to indoor air:

- 1). Sub-slab vapor assessment data for the Property identifies concentrations of volatile organic compounds that may pose an unacceptable vapor intrusion risk on the Property. Parker Place shall either further evaluate vapor intrusion risk to determine appropriate vapor mitigation measures needed, or shall preemptively mitigate potential impacts to indoor air.
- 2). If Parker Place elects to conduct further evaluation of vapor intrusion risk, Parker Place shall submit a Vapor Assessment Work Plan followed by a report of the results. Parker Place's evaluation of vapor intrusion risk shall, unless otherwise agreed to by the Department, consist of collection and analysis of a representative number of soil gas samples from the footprint of the building on the Property over areas potentially subject to vapor intrusion.

Soil gas samples shall be analyzed for all site related volatile compounds by appropriate methods capable of detecting soil gas concentrations at screening levels indicative of a 10^{-6} risk. Parker Place shall predict indoor air concentrations based on the soil gas sample results and site conditions using a depth-appropriate attenuation factor. Screening levels for soil gas and predicted indoor air concentrations shall be based upon the EPA OSWER "Draft Guidance for Evaluating the Vapor Intrusion to Indoor Air Pathway from Groundwater and Soils" or supplemental EPA guidance. Based on the assessment results and any other appropriate lines of evidence, Parker Place shall submit a Vapor Mitigation Plan designed to effectively mitigate the contaminant levels predicted for indoor air for the proposed use on the Property.

- 3). If Parker Place elects to implement preemptive vapor intrusion mitigation measures in lieu of soil gas sampling, Parker Place shall submit a Preemptive Vapor Mitigation Plan detailing the steps for vapor intrusion control and procedures to confirm the effectiveness of the control measures. In the absence of soil vapor assessment to better characterize vapor intrusion risk, the preemptive vapor intrusion mitigation measures shall be designed to maximize reduction of contaminant vapor intrusion and shall require confirmation of acceptable indoor quality when the vapor mitigation system is in place. All vapor intrusion control measures shall be designed to effectively mitigate vapor intrusion risk to a 10^{-6} risk for carcinogens and a hazard quotient of 1 for non-carcinogens based on current EPA screening levels for indoor air and guidance on vapor intrusion. All vapor intrusion control measures shall include measures to confirm that the vapor mitigation system is effective, and measures to ensure and document proper and effective operation and maintenance of the vapor intrusion mitigation system for as long as it is required at the Property. The Department shall give reasonable consideration of data or other demonstration that shows any

unacceptable indoor air contaminant concentrations do not result from the subsurface conditions.

H. Institute reasonable Contamination control measures:

- 1). Parker Place shall stabilize or remove from the Property any Segregated Sources of Contamination that have not yet released all contents to the environment.
 - a). The contents of the Segregated Sources shall be properly reused or disposed of in accordance with regulations.
 - b). Parker Place shall document the characterization results and ultimate disposition of the materials to the Department within sixty (60) days of removal of any material from the Property.
- 2). Parker Place shall take reasonable measures to limit or prevent human exposure to Existing Contamination on the Property
 - a). Corrective measures shall be required for Waste Materials and Contamination present in any media on the Property with concentrations in excess of appropriate human-health risk-based exposure standards with plausibly complete routes of exposure.
 - b). The corrective measures shall be proposed in a Corrective Measures Plan to be approved by the Department prior to implementation, and shall be consistent with the intended future use of the Property. Corrective measures may include removal, encapsulation, barriers, or other methods reasonably expected to limit human exposures to the Contamination.
 - c). Parker Place may request Department approval to conduct a site-specific risk assessment to determine levels of Contamination that are acceptable for the intended use of the Property. The risk assessment shall be conducted in accordance with EPA Risk Assessment Guidance for Superfund. Prior to conducting the risk assessment, Parker Place shall

submit for Department approval, an overview of risk assessment assumptions including identification of contaminant exposure routes, the type and duration of possible exposures, the magnitude of exposure, and any data gaps that need to be addressed to complete the risk assessment.

- d). Upon completion of any corrective measures, Parker Place shall provide a Corrective Measures Report to document satisfactory completion of the corrective measures for Department review and approval prior to obtaining a Certificate of Completion.
- e). In the event that corrective measures include engineering controls that must be maintained or monitored during future use of the Property, a Site Management Plan may be required by the Department. If required, the Site Management Plan shall identify procedures for management of contaminated media that may be encountered as a result of any disturbance of the engineering controls, and for repair or replacement of the engineering controls.

I. Monitor and/or abandon the monitoring wells:

- 1). Parker Place shall implement a groundwater-monitoring program if required by the Department. Continued monitoring requirements will be based on the Department's determination of potential adverse effects on nearby receptors, i.e., individuals that are presently or potentially exposed to Contamination.
- 2). The Department will determine the frequency and duration of the monitoring program on a case-specific basis.
- 3). Parker Place shall abandon the monitoring well(s) when the Department determines there are no further needs for wells. The wells shall be abandoned in accordance with R.61-71 of the South Carolina Well Standards.

HEALTH AND SAFETY PLAN

5. Parker Place shall prepare and submit under separate cover from the Work Plan, a Health and Safety Plan consistent with Occupational Safety and Health Administration regulations. The Health and Safety Plan shall be submitted to the Department in the form of one electronic copy on compact disk (in .pdf format). Parker Place agrees that the Health and Safety plan is submitted to the Department only for informational purposes. The Department expressly disclaims any liability that may result from implementation of the Health and Safety Plan by Parker Place.

PUBLIC PARTICIPATION

6. Parker Place and the Department will encourage public participation to implement this Contract as follows:
 - A. The Department will provide notice, seek public comment, and initiate a thirty-day claim contribution notification period in accordance with established procedures consistent with S.C. Code Ann. §44-56-750 upon signature of this Contract by Parker Place.
 - B. Parker Place shall erect a sign at major entrances onto the Property or other locations routinely accessible by the public. The sign(s) shall be erected no later than one day after the Department's public announcement about the Contract in a newspaper of general circulation in the community.
 - 1). The sign will state "Voluntary Cleanup Project by Parker Place Holdings LLC under Voluntary Cleanup Contract 15-6322-NRP with the South Carolina Department of Health and Environmental Control." The sign shall provide a brief description of the scope of activities under the Contract, and contact information, including telephone number and address, for a representative of Parker Place. Contact information for the Department shall state "TOLL-FREE TELEPHONE: 1-866-576-3432".

- 2). All sign lettering must be of sufficient size to be legible with un-aided normal eyesight from the point where the public will normally pass by the Property without intruding onto the Property.
- 3). Parker Place shall submit photographs of the sign(s) and a Property drawing showing the location(s) of the signs. The photographs shall be submitted to the Department within 10 days of erecting the sign.
- 4). Parker Place agrees to revise the sign if the Department determines the sign is inaccurate, not legible, or otherwise ineffectively placed.
- 5). Parker Place shall maintain the sign(s) in legible condition and at visible locations throughout the duration of the Contract period until a Certificate of Completion is issued on the Property.
- 6). The sign(s) may be removed to accommodate building or grading activities; however, Parker Place shall restore the sign within two (2) days to its original location, or other publicly accessible location upon notice to the Department.

PROGRESS UPDATES

7. Parker Place shall submit periodic written updates to the Department's project manager until such time as all activities related to the Property are complete pursuant to this Contract. The first update shall be due within 60 days of Work Plan approval and semi-annually thereafter.
 - A. The updates may be in summary letter format, but should include information about:
 - 1). The actions taken under this Contract during the previous reporting period;
 - 2). Actions scheduled to be taken in the next reporting period;
 - 3). Sampling, test results, and any other data in summary form, generated during the previous reporting period regardless of whether the data was collected pursuant to this Contract; and,
 - 4). A description of any environmental problems experienced during the previous

reporting period and the actions taken to resolve them.

- B. The Department's project manager may allow an extended schedule between updates based on case specific conditions.

SCHEDULE

- 8. Parker Place shall perform all activities and response actions pursuant to this Contract in an expeditious manner. In the event that circumstances cause a delay in implementation of the response actions, the Department may require implementation of interim measures to stabilize Contamination or prevent unacceptable exposures. Parker Place shall implement the interim measures in accordance with a Department-approved plan.

DECLARATION OF COVENANTS AND RESTRICTIONS

- 9. Parker Place or its Beneficiaries shall enter, and record, a Declaration of Covenants and Restrictions (Declaration) for the Property if Contamination exceeds levels acceptable for unrestricted use after completing the response actions pursuant to this Contract. Contaminant levels acceptable for unrestricted use shall be the Screening Levels for Resident Soil as specified in the EPA Regional Screening Levels for Chemical Contaminants at Superfund Sites for soil, and the primary maximum contaminant level (MCL) standards in the South Carolina State Primary Drinking Water Regulations, R.61-58 for groundwater. Based on currently available data, Parker Place shall enter and record a Declaration of Covenants and Restrictions to implement and maintain effective vapor intrusion mitigation measures on the Property. Additional restrictions may be required based on the response actions completed under this Contract. The recorded Declaration shall be incorporated into this Contract as an Appendix and shall be implemented as follows:

- A. The Department shall prepare and sign the Declaration prior to providing it to Parker Place. An authorized representative of Parker Place or its Beneficiaries

shall sign the Declaration within ten (10) days of receipt. All signatures shall be witnessed, and signed and sealed by a notary public.

- B. Parker Place or its Beneficiaries shall record the executed Declaration with the Registrar of Deeds or Mesne Conveyance for the county where the Property is located.
- C. Parker Place or its Beneficiaries shall provide a copy of the recorded Declaration to the Department within sixty (60) days of the Department's execution. The copy shall show the date and Book and Page number where the Declaration has been recorded.
- D. In the event that Contamination exceeds levels acceptable for unrestricted use (Regional Screening Levels for residential use) on a portion of the Property, Parker Place or its Beneficiaries may create a new parcel of that portion of the property that will be subject to the Declaration.
- E. The Declaration shall be noted on the master deed of any planned development for the Property and noted, or referenced thereafter, on each individual deed of property subdivided from the Property and subject to the Declaration.
- F. The Declaration shall reserve a right of entry and inspection for Parker Place or its Beneficiaries that may be transferred to another single individual or entity for purposes of compliance monitoring.
 - 1). Parker Place or its Beneficiaries shall ensure that the restrictions established by the Declaration remain on any subdivided property.
 - 2). Parker Place or its Beneficiaries shall create a procedure to provide a single point of contact responsible for documenting current land use and compliance with the Declaration regardless of the Property's ownership

status. The procedure shall be reviewed and approved by the Department before it is implemented.

- G. The Declaration shall provide that the Department has an irrevocable right of access to the Property after Parker Place acquires the Property, and such right of access shall remain until remediation is accomplished for unrestricted use and monitoring is no longer required. Such access shall extend to the Department's authorized representatives and all persons performing response actions on the Property under the Department's oversight.
- H. Parker Place or its Beneficiaries, or the individual or entity responsible for compliance monitoring, shall annually document the Property's land use and compliance with the Declaration to the Department. The report shall be submitted by May 31st in a manner and form prescribed by the Department.
- I. The Department may amend the Declaration in response to changes in law, completion of remedial actions meeting the applicable standards in effect at the time, or if other circumstances of the Property change; however, said amendment shall not be applied retroactively unless expressly provided for in the legislation. An amendment may strengthen, relax, or remove restrictions based on the Regional Screening Tables in effect at that time; however, the Department shall not impose a more restrictive condition based solely on changes in the Regional Screening Tables. An amendment to the Declaration shall be duly executed and recorded using procedures similar to those detailed above.

NOTIFICATION

- 10. All notices required to be given by either party to the other shall be in writing. Each party shall have a continuing obligation to identify a contact person, whose name, address, and telephone number must be updated to the other party, throughout the

term of the Contract. Notices by electronic mail or facsimile shall be acceptable if acknowledged in writing by the recipient; with the delivery date being the date of acknowledgment or earlier date if stated in the acknowledgment. All other forms of notice shall be deemed sufficiently given if delivered at the address shown below, or at such place or to such agent as the parties may from time to time designate in writing, by: 1) regular U.S. Mail by which notice shall be deemed to occur seven (7) days after the postmark date; 2) Certified or Registered Mail by which notice shall be deemed to occur on the date received as shown on the receipt; 3) Commercial delivery service company by which notice shall be deemed to occur on the date received as shown on the receipt; or, 4) hand delivery to the other party.

A. All correspondence, notices, work plans, and reports shall be submitted to:

Mark Berenbrok
Bureau of Land and Waste Management
2600 Bull Street
Columbia, South Carolina 29201

B. All correspondence and notices to Parker Place shall be submitted to Parker Place's designated contact person who as of the effective date of this Contract shall be:

David Stone
Parker Place Holdings LLC
13 North Irvine Street
Greenville, South Carolina 29601

FINANCIAL REIMBURSEMENT

11. Parker Place or its Beneficiaries shall reimburse the Department for its public participation costs and for oversight costs of activities specific to this Contract as provided by S.C. Code Ann. §44-56-750 (D). The oversight costs shall include the direct and indirect costs incurred by the Department in implementing the Voluntary Cleanup Program as related to this Contract, and any future amendments thereto, and may include costs related to this Contract and incurred by the Department prior to execution of this Contract. Invoices for oversight costs will be sent to Parker Place on a quarterly basis. All costs are payable within thirty (30) days of the Department's invoice submitted to:

David Stone
Parker Place Holdings LLC
13 North Irvine Street
Greenville, South Carolina 29601

- A. Failure to submit timely payment for costs upon receipt of the Department's invoice is grounds for termination of the Contract pursuant to paragraph 16 herein.
- B. Payment for costs incurred by the Department pursuant to this Contract shall become immediately due upon termination of the Contract by any party pursuant to paragraph 16 herein.

ACCESS TO THE PROPERTY

12. Parker Place agrees the Department has an irrevocable right of access to the

Property for environmental response matters after Parker Place acquires the Property. This right of access remains until such time as remediation is accomplished for unrestricted use and monitoring is no longer required, and shall extend to the Department's authorized representatives and all other persons performing response actions on the Property under the Department's oversight.

CERTIFICATE OF COMPLETION AND COVENANT NOT TO SUE

13. A Certificate of Completion shall be issued to Parker Place or its Beneficiaries for the Property under this Contract as follows:

- A. Parker Place or its Beneficiaries shall request a Certificate of Completion pursuant to S.C. Code Ann. § 44-56-750(C)(1) after the response actions are completed and any required Declarations are recorded pursuant to this Contract. The request shall be in writing and shall report 1) the amount of soil that was removed or remediated on the Property; and 2) the cost of all environmental work conducted pursuant to this Contract.
- B. Pursuant to S.C. Code Ann. § 44-56-750(C)(1) the Department shall issue the Certificate of Completion with its covenant not to sue upon determining that Parker Place or its Beneficiaries has successfully and completely complied with the Contract and the voluntary cleanup approved under S.C. Code Ann. § 44-56-710 through 760 (as amended).
- C. The Department may issue a Provisional Certificate of Completion if the substantive response actions required under this Contract are complete and a required Declaration has been recorded but all actions under this Contract have not been completed due to Property-specific circumstances.
 - 1). A Provisional Certificate of Completion will include specific performance standards that Parker Place or its Beneficiaries shall continue to meet.

- 2). The Provisional Certificate of Completion may include the Department's covenant not to sue for Existing Contamination; however, said covenant shall be automatically revoked if Parker Place or its Beneficiaries do not satisfactorily complete the requirements of the Contract as stipulated in the Provisional Certificate of Completion.

ECONOMIC BENEFITS REPORTING

14. Parker Place or its Beneficiaries shall report information to the Department that demonstrates that the activities pursuant to this Contract have been beneficial to the State and community. The report shall be submitted within two (2) years after the execution date of this Contract, and annually thereafter until two (2) years after redevelopment of the Property is complete. Parker Place shall summarize the new operations at the Property, the number of jobs created, the amount of property taxes paid, and the total amount invested in the Property for property acquisition and capital improvements.

CONTRACT OBLIGATIONS AND PROTECTIONS INURE

15. The terms, conditions, obligations and protections of this Contract apply to and inure to the benefit of the Department, Parker Place, and its Beneficiaries as set forth below. The following stipulations apply to ensure the transition of all obligations and protections to successive Beneficiaries for any portion of the Property:
 - A. Parker Place or its Beneficiaries shall provide a copy of this Contract and applicable Appendices to any subsequent Beneficiary. Transmittal of the Contract copy may be via any commonly accepted mechanism.
 - B. Parker Place and its Beneficiaries shall not allow residential occupancy on any portion of the Property prior to obtaining the Certificate of Completion or a

Provisional Certificate of Completion specific to that portion of the Property allowing residential occupancy.

C. If the Certificate of Completion has not been issued, Parker Place or its Beneficiaries shall request approval from the Department prior to transferring the obligations and protections of this Contract to a new person or entity. The Department shall not unreasonably withhold its approval upon receipt of a Non-Responsible Party Application for Voluntary Cleanup Contract documenting that the new person or entity:

- 1). Is not a Responsible Party for the Site;
- 2). Has sufficient resources to complete the activities of this Contract;
- 3). Will not use the Property for activities that are inconsistent with the terms and conditions of this Contract,
- 4). Will assume the protections and all obligations of this Contract and,
- 5). Will, in the Department's sole discretion, provide a measurable benefit to the State and the community as a result of this transfer.

D. If the Certificate of Completion has been issued and the portion of the Property is subject to a Declaration or other ongoing obligation pursuant to this Contract, Parker Place or its Beneficiaries shall provide written notification to the Department identifying the new individual or entity within thirty days after the effective date of the ownership change or other possessory transfer of the Property.

- 1). The notification shall include a signed statement from the new individual or entity that its use of the Property will remain consistent with the terms of the Contract and the Declaration, and that it will assume the ongoing obligations and protections of this Contract.
- 2). This requirement is waived for an individual or entity acquiring a portion of the Property for individual residential or commercial use provided the

Declaration is noted on the master deed for the planned development, and the Department has approved the procedure for a single point of contact responsible for documenting current land use and compliance with the Covenant.

- E. If a Certificate of Completion has been issued and the Property is not subject to a Declaration or other continuing obligation pursuant to this Contract, no notification is required.

CONTRACT TERMINATION

16. Parker Place, its Beneficiaries, and the Department each reserve the right to unilaterally terminate this Contract by giving thirty days advance written notice to the other party. Termination shall be subject to the following:

A. The Department may not terminate this Contract without cause and before termination, shall provide Parker Place or its Beneficiaries an opportunity to correct the cause(s) for termination, which may include, but is not limited to, the following:

- 1). Failure to complete the terms and conditions of this Contract;
- 2). Change in Parker Place's or its Beneficiaries' business activities on the Property or use of the Property that are inconsistent with the terms and conditions of this Contract;
- 3). Failure to submit timely payment for costs upon receipt of the Department's invoice;
- 4). Failure of Parker Place or its Beneficiaries to implement appropriate response actions for additional Contamination or releases caused by Parker Place or its Beneficiaries;
- 5). Knowingly providing the Department with false or incomplete information or knowing failure to disclose material information;

- 6). Failure by Parker Place or its Beneficiaries to obtain the applicable permits from the Department for the response actions or other activities undertaken at the Property pursuant to this Contract; or,
 - 7). Failure by Parker Place or its Beneficiaries to make material progress toward the expansion, redevelopment, or reuse of the property as determined by the Department upon consideration of Parker Place's or its Beneficiaries' marketing efforts, regional economic conditions, and other pertinent information on the Property.
- B. Should Parker Place or its Beneficiaries elect to terminate, that party shall certify to the Department's satisfaction that any environmental or physical hazards caused or contributed by Parker Place or its Beneficiaries have been stabilized or mitigated such that the Property does not pose hazards to human health or the environment.
- C. Termination of this Contract by any party does not waive the Department's authority to require response action under any applicable state or federal law.
- D. Termination of this Contract by any party does not end the obligations of Parker Place or its Beneficiaries to pay costs incurred by the Department pursuant to this Contract. Payment for such costs shall become immediately due.
- E. Upon termination, the protections provided under this Contract shall be null and void as to any party who participated in actions giving rise to termination of the Contract. Revocation of protections shall also apply to that party's lenders, parents, subsidiaries, and successors, including lessees, heirs, devisees, and other parties taking an interest in the Property through that party who participated in actions giving rise to termination of the contract. The protections will continue for any party who has received protections through a Certificate of Completion for

this Contract, and who did not participate in the actions giving rise to the termination.

ENTITLEMENT OF PROTECTIONS AND BENEFITS

17. Parker Place and its Beneficiaries are entitled to the protections and benefits in regard to Existing Contamination provided by South Carolina statutes as follows:

A. Effective on the date this Contract is first executed by the Department:

- 1). Protection from contribution claims under CERCLA Section 113.42 U.S.C. § 9613 and § 44-56-200, et seq.
- 2). Protection from third-party claims as provided by S.C. Code Ann. § 44-56-750(H).
- 3). Eligibility to file annual application for Voluntary Cleanup Activity Tax Credits pursuant to S.C Code § 12-6-3550.

B. Effective on the date the Certificate of Completion is issued by the Department.

- 1). The Department's covenant not to sue Parker Place and its Beneficiaries for Existing Contamination but not for any Contamination, releases and consequences caused or contributed by Parker Place or its Beneficiaries.
- 2). Specific tax credits or additional benefits expressly contingent in South Carolina statutes on issuance of the Certificate of Completion.

C. These Protections and Benefits do not apply to any Contamination, releases, and consequences caused or contributed by Parker Place or its Beneficiaries. The Department retains all rights under State and Federal laws to compel Parker Place and its Beneficiaries to perform or pay for response activity for any Contamination, releases and consequences caused or contributed by Parker Place or its Beneficiaries.

RESERVATION OF RIGHTS BY THE DEPARTMENT

18. Nothing in this Contract is intended to be, or shall be construed as, a release or covenant not to sue for any claim or cause of action, past or future, that the Department may have against any person, firm, or corporation other than Parker Place and its Beneficiaries. The Department reserves the right to undertake future response actions at the Site and to seek to compel parties, other than Parker Place and its Beneficiaries, to perform or pay for response actions at the Site. Nothing in this Contract shall in any way restrict or limit the nature or scope of response actions that may be taken or be required by the Department in exercising its authority under State and Federal law.

RESERVATION OF RIGHTS BY PARKER PLACE

19. Parker Place retains all rights to assert claims in law or equity against any person, company, or entity with respect to the Property, except as limited elsewhere by this Contract. Parker Place and its Beneficiaries specifically deny responsibility for response costs or damages resulting from Existing Contamination except for Contamination, releases, and consequences they cause or contribute. However, Parker Place and its Beneficiaries agree to undertake the requirements of this Contract.

BURDEN OF PROOF

20. Parker Place and its Beneficiaries shall have the continuing obligation to demonstrate that any newly discovered Contamination is not caused or contributed by Parker Place or its Beneficiaries. Parker Place and its Beneficiaries shall make this demonstration to the Department's satisfaction in accordance with State or Federal Law applicable to such newly discovered Contamination. For purposes of this clause, newly discovered Contamination means finding types of Contamination not previously identified at the Property or substantially higher concentrations of Existing Contamination.

LIMITATION OF CLAIMS BY PARKER PLACE AND ITS BENEFICIARIES

21. In consideration of the protections from the Department under this Contract, Parker Place and its Beneficiaries agree not to assert any claims or causes of action against the Department or to seek other costs, damages, or attorney's fees from the Department arising out of activities undertaken at the Property pursuant to this Contract. This limitation shall not extend to any claims or causes of action resulting from the Department's intentional or negligent acts or omissions, or the Department's willful breach of this Contract.
